Funeral of Maj. Mitchel to Be Most Spectacular Since That of President Grant.

(International News Service.)
New York, July 9.—The body of Maj. John Purroy Mitchel, former mayor of New York, who was killed in an aviation accident at Lake Charles, La., arrived here at 7:15 a.m. today on the first section of the Southern Express. The funeral party, including Mrs. Mitchel and a military guard, followed on the second section of the train. A small crowd was gathered at the Pennsylvania railroad station to see the former mayor's casket removed. The casket was taken from its box and the American flag draped over it. Then it was placed on an automobile hearse, and, accompanied by an escort of policemen, taken to Maj. Mitchel's late residence, where the body will remain until it is taken to the city hall tomorrow to lie in state until the funeral procession Thursday morning.

Homage of Ten Thousand.
A small party of the former mayor's friends met the body at the railroad station. Plans were completed today to give Maj. Mitchel the most impressive and spectacular funeral the city has witnessed since that of President Grant. More than ten thousand of military and civil life, with a flying escort of twenty airplanes strewing the cortege with flowers, from the air, will pay final homage to the aviator. Thousands of persons and many civil organizations are expected to pass the ex-mayor's coffin as it lies in state at the city hall tomorrow afternoon. At 9 o'clock Thursday morning the body will be taken to St. Patrick's Cathedral, where a solemn high requiem mass will be celebrated.

By Battalion Infantry.
The procession from the city hall Thursday will be led by a military band and a battalion of infantry, followed by a naval band and a company of sailors. Brig.-Gen. Geo. R. Dyer and his staff, representing the state, will take part with the regiments and three military bands. A police band, a police regiment, the fire department band and a column of uniformed firemen will represent the city.

ITALIAN BLUEJACKETS TRIED BY COURT-MARTIAL

Charged With Destruction of Battleship Benedetto Brin in September, 1916.

(Associated Press.)
Rome, July 9.—Three Italian sailors and one Italian soldier are being tried by a court-martial on a charge of having blown up the Italian battleship Benedetto Brin on Sept. 27, 1916, by placing an infernal machine in the gun room. The defendants are Achille Moschini, Guglielmo Meitoni, Manno Azoni, all bluejackets, and trooper Giorgio Carpi.

The Benedetto Brin was blown up in the harbor of Brindisi with the loss of more than a hundred lives, including that of Rear Admiral Rubin de Crin. An inquiry by the Italian government developed that the battleship had been destroyed through the machinations of Germans and forty persons, were arrested. An Italian named Ambrogetti, implicated in the destruction of the Benedetto Brin and also of the Italian battleship Leonardo da Vinci, was arrested and asserted that he was the financial agent of Monsignor Gerlach, private chamberlain to Pope Benedict, and an Austrian citizen. Gerlach fled from Italy before an Italian court had investigated his activities, for his guilt of espionage and sentenced him to imprisonment for life.

HARRIMAN WAS ABLAZE WITH PATRIOTIC FERVOR			
Hundreds Assemble to Bid Adieu to Boys Who Leave to Join the Colors.			

(Special to The News.)
Harriman, July 9.—Harriman was ablaze with patriotism yesterday afternoon. Flags were unfurled and waving in the breeze throughout the city, and hundreds of people assembled at the city hall at 1:30 o'clock to bid adieu to the Harriman boys who were to go to Rockwood to join the remainder of the seventy select registrants, constituting the present Roane county contingent, who left for Camp Gordon, Atlanta, Ga., Monday morning. Kingston and other portions of the county being represented as well as Harriman and Rockwood.

At the time designated seventy-one automobiles, beautifully decorated with flags, lined up on the street at the city hall to transport the Harriman soldier boys, their relatives and hundreds of friends to Rockwood, the auto owners having generously turned out, and a grand procession was formed and proceeded to Rockwood, where from 4,000 to 5,000 people gathered to bid the boys good-by and godspeed.

Judge Sam C. Brown, of Athens, who has been holding court at Kingston the past week, being present, was invited to make an address, to which he responded with a brief patriotic and encouraging talk. Among other things, Judge Brown said:

"Boys, I am told you are going to France—no, to Berlin, where the Kaiser lives—no, dies, when you get there, if not before."

These remarks elicited cheers and great applause. Capt. John W. Stages followed with a few words of good advice and told the boys that Judge Brown could talk to them with a fatherly feeling and interest, as he now has two boys fighting in the trenches in France for worldwide liberty and freedom.

Judge J. W. Stone explained to the boys the noble work being done "over there" by the Red Cross and the Y. M. C. A., and advised them to look to those grand organizations for succor in time of need and distress, should such epochs come in their careers, after which the immense crowd dispersed and the boys became the guests of the good Rockwood people and shared their kind hospitalities for the last night in their home state for—perhaps a long time. They left Rockwood Monday morning over the C. N. O. & T. P. railroad for Camp Gordon, taking with them the good wishes and prayers of all our people.

BOLSHEVIK ACTIVITY SPONSORED BY GERMANS
Fortified House in Vladivostok Attacked by Czecho-Slovaks—Guards Routed.

(Associated Press.)
London, July 9.—The center of bolshevik activity in Vladivostok was a fortified house guarded by German and Hungarian war prisoners. This house, according to Col. Hurban, of the Czecho-Slovak national council, who was interviewed in Tokio on July 2, but the correspondent of the Times, was attacked on June 29 by the Czecho-Slovaks, who routed the guards with hand grenades. Twenty Czechs were killed in the fighting. Col. Hurban, the correspondent adds, intended to sail for the United States on July 7. A Vladivostok dispatch to the Nichi Nichi says that the Czech occupation was accompanied by violent artillery fire and furious street fighting. The steamer Himbirk, of the Russian volunteer fleet, escaped from the port during the fighting.

Scoreboard Reflections

Causey, Smith and Ogden, McGraw's newest crop of pitchers, failed to stop the Cubs in the first game of a double-header, but the Pol Perritt outpitched Hendrick in the second game.

Thanks to Babe Ruth, the Red Sox got an even break in Monday's bargain bill with Cleveland. Ruth's triple in the tenth inning of the first game scored Strunk with the only run. In the second

half, triples by Morton and Wanby helped Cleveland win.

Frank Baker registered his 100th hit of the season against the White Sox and his century blow won the game for the Yankees.

Don Carlos Ragan gave up but three hits to the Pirates and enabled the Braves to break Bezdek's winning streak.

Ty Cobb played second base for the Tigers but could not induce them to trim the Mackmen. Poor, fielding by

Cobb and Stanage beat Detroit.

Oeschger's wildness gave the Reds a lead that the Phillies were unable to overcome.

Hollacher and Caton, shortstops of the Cubs and Pirates, have been called by draft boards. Bill Killifer, of the Cubs, will leave Mitchell's team in a few days.

OFF AGAIN, ON AGAIN GOES FRED-JACK FIGHT

Newark, N. J., July 9.—The Fulton-Dempsey fight is an outcast again today. Chairman John Smith, of the New Jersey boxing commission, has revoked a permit issued to Newark promoters to stage a benefit bout for the Clark Griffith bat and ball fund on the grounds that the permit was obtained through "jugglery," and unless an appeal to Gov. Edge is successful the bout will not be staged July 20.
